A STEP-BY-STEP GUIDE TO ENROLLING IN DIGITAL BANKING, ADDING AN EXTERNAL ACCOUNT, AND MAKING AN AUTO LOAN PAYMENT

- 1) Go to our website: www.myaffinitybank.com and select “Digital Banking Login” in the top right-hand corner.

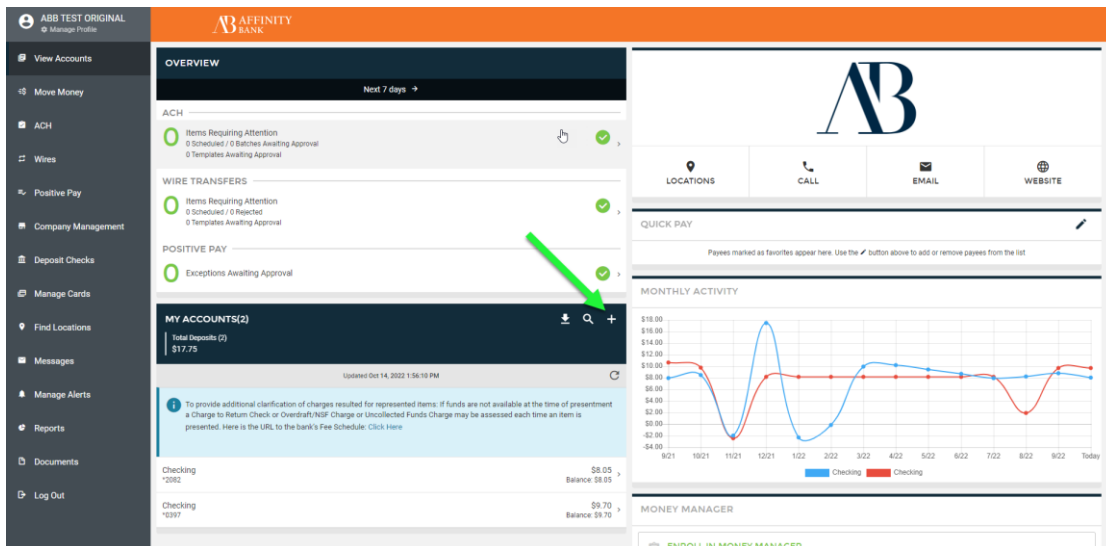

- 2) Select “Sign Up” at the bottom of the screen.

- 3) A registration screen will appear: select “Let’s Get Started!”

- 4) Enter your personal information, add your loan account number to your profile, and set up your login credentials. Once you are logged in you can add your external payment account by selecting the ‘+’ in right hand corner of the “My Accounts” box.

5) Click the “External Account” box

The screenshot shows a mobile app interface titled "ADD NEW ACCOUNT". At the top, it asks "What type of account is this?". Below this, there are two options: "EXTERNAL ACCOUNT" (highlighted with a green box) and "INTERNAL ACCOUNT". The "EXTERNAL ACCOUNT" option includes a bank icon and the text: "EXTERNAL ACCOUNT Select this option to create an external account."

6) Enter the bank account information for your external bank.

The screenshot shows the "EXTERNAL ACCOUNT" form in the app. It includes a warning message: "Please only add your external account ONE time. Micro deposits will post to your external account for verification in 1-3 business days." Below this, there are several required fields: "ACCOUNT NAME", "RECEIVER NAME", "BANK NAME", "ACCOUNT TYPE", "ROUTING/TRANSIT NUMBER", and "ACCOUNT NUMBER". There is also a "Memo" section with "Routing Number" and "Account Number" fields, each containing a sample number. A "SAVE" button is at the bottom.

Hit the green “Save” button. If it is not green that means you are missing a required field.

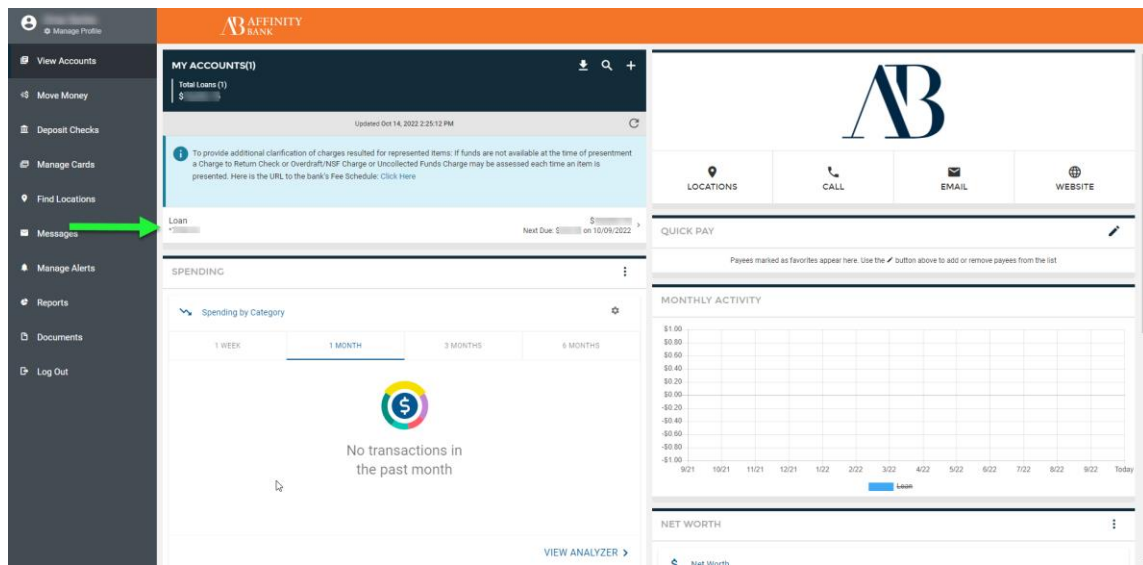

7)

After you have hit “SAVE” you can log out.

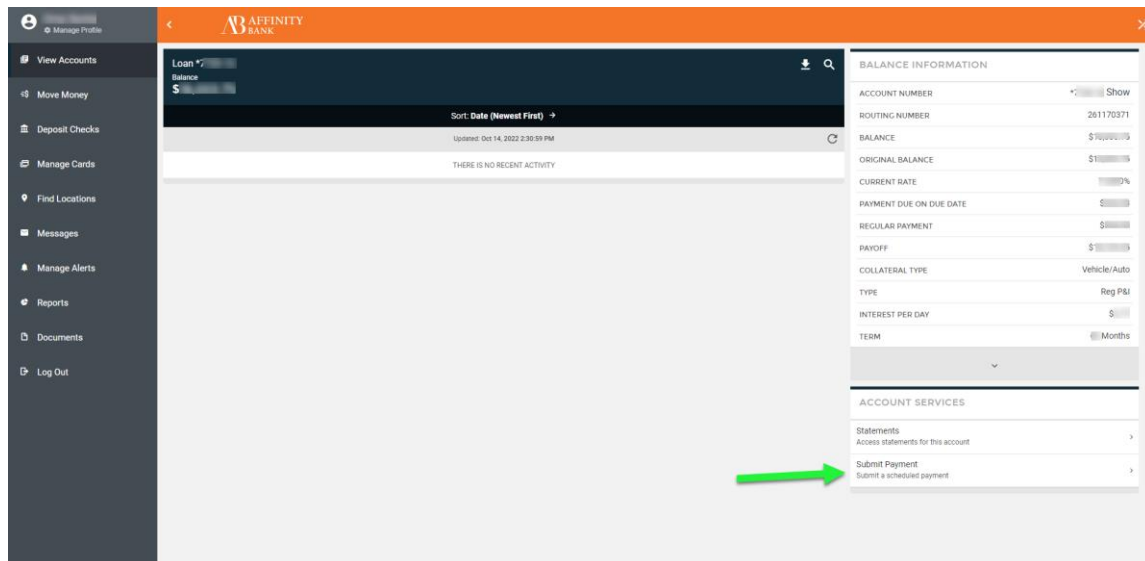

Affinity Bank will send test deposits to your external bank account. It can take up to 1-3 days for the small deposits to appear in your external account.

When you see the deposits, you will log back into your Affinity Bank online banking profile to verify the amounts that were deposited. Once this has been completed, you will be able to make a payment.

8) Select the loan you wish to make a payment on.

9) Select “Submit a Payment” in the bottom right-hand corner.

10)

The external account should pre-fill at the top of the screen -- it will appear as the account the funds will be transferred from.

If you have set up more than one account, you will be provided with a drop-down menu to choose your “Payment From” account.

You will then select your “Payment Type”, “Date”, and “Occurrence”.

Once you’ve completed all the required fields, you may click the green “Continue” button.

11)

You will then be taken to the review screen.

If everything looks correct you may select the green “Submit” button.
